National Space Society
Presents

Ares Projects and the Nation's Future

A Luncheon and Networking Opportunity featuring

Mr. Robert Armstrong

NASA Ares Projects Outreach

Robert C. Armstrong, Jr. is Outreach Lead for the Ares Projects at NASA's Marshall Space Flight Center, which is developing the new Ares I and Ares V launch vehicles; part of the next generation of safe, reliable, and cost-effective space transportation systems for the human exploration of the Moon, Mars, and beyond. Mr. Armstrong's areas of expertise include engineering and business, internal and external communications, and interrelated systems and processes designed to enhance mission success for this high priority program at NASA.

Friday, November 7, 2008 — 11:30 am to 1:30 pm at the

Holiday Inn Research Park (near Madison Square Mall)

5903 University Drive NW, Huntsville, Alabama — (256) 830-0600

Lunch Cost per Person: \$20

RSVP by October 31 to Bart at (256) 541-3050 or [bart.leahy @ nss.org](mailto:bart.leahy@nss.org)

The public is invited. For more info: Web Site: www.HAL5.org
